FINAL YEAR UG PROJECT

**MONTHLY PROGRESS REPORT FORM**

Student's Name Nishshanka Nimesh Mendis	**Supervisor's Name** Mr. Vibhavi Artigala
Month – February	Report No. 05

Summary of progress (including any problems)	I have completed following functions up to now • Registration • Login • Profile view • Recognizing colour activity • Memory recall activity • A music player inside the application • Chatbot • To-do list • I added references and information that I have collected from my research to the application
Plan for next month	There were some runtime errors in login function I will find a solution for that Profile not retrieving data from the firebase I will correcting that I will be implementing search function in chatbot. For an example what is dementia? Demibot has no answer. So, Demibot is going to search on google and find a search result To-do list confirmation delete not working. I will be correcting that I will add another function called Reminder I will be working on reflective document.

Supervisor's comments	Complete the ui component Intergrade the functions with firebase Complete the reflective report
